## Caring Places, Caring Faces

ENHANCING OUR RESIDENTS' COMMUNITY

Twenty years ago, Fairport Baptist Homes took a bold step when we transitioned to a household model of care—one so unusual, some naysayers predicted it would be our swan song.

But the transition was enormously successful; leaders in senior care from around the world visited to learn from us and find out how they could adapt this model in their own communities.

We aren't resting on our laurels, though! We're constantly evolving, improving, always keeping

residents' needs first. We know that quality of *life* is just as important as quality of care, and we take pride in the fact that we acknowledge the full range of our residents' interests rather than just their medical needs.

We've created a uniquely vibrant community where our staff serves as loving, caring guardians for our residents. In that spirit, we are improving our public spaces, and making our common areas, inside and out, every bit as warm and welcoming as our households.

## Our Vision

We are raising \$1.5 million to transform our lobby into an open and inviting first floor common area to encourage social interaction and promote community.

# Making A Difference In Daily Life

Why are we making these changes? How will they impact our residents and their families and caregivers?

- **Increased space for social gatherings** and events means our residents and their families will have even more opportunities to visit, stay in touch, and maintain the relationships that keep everyone connected and in good health.
- Our **new front patio's** (not one, but two of them!) will provide ample opportunity for fresh air and sunshine—two of the best “therapies” we know of!
- The **new front entrance and portico** will make it much easier for residents to come and go, safe and dry, whether it be to a family event, a doctor's appointment, or lunch out with a friend. No more looking out the window on a rainy day and saying, “never mind...who wants to go out in that?”

Safe access, shelter from the elements, space to socialize and visit and keep those family connections strong—it's all here. The plans have been made: the only thing missing is you!

Groundbreaking is scheduled for Fall 2018,  
with a tentative opening date a year later.
